- ****10U only - 3 inning max per pitcher per game, pitchers can be reinserted as long as they do not exceed 3 innings**
- A pitch to 1 batter in an inning counts as a complete inning. 1 mound visit per inning.

- **Batters get 7 pitches MAX between the pitcher and coach pitching with 1 re-do pitch for coach pitch only if it is very obviously unhittable (see below for definition).** 3rd strike Foul balls do NOT count towards the max or pitch limit.
- The count will continue from the change from the player to coach pitcher. If the batter has not either put the ball in play or struck out after the **7 per player pitch max**, then she is out except on a foul.

 - **A non-hittable pitch** is when the ball bounces before the plate, rolls on the ground, over the batter's head, clearly outside or almost hitting the batter the coach gets a 1 redo pitch and the non-hittable pitch does not count towards the 7 pitch max.
 - If it looks as though the coach who is pitching is having an off day and consistently throwing non-hittable pitches, then another coach should step in and give it a try. Batters do not get additional pitches because of this.
